# MAP SHOWING, IN RED, HOW RICHMOND'S CORPORATE LINES WILL PROBABLY BE EXTENDED.

The map above shows the lines of annexation as proposed by the Ordinance Committee, and which will almost certainly be adopted by the Council at its regular meeting on the first Monday night in August. The salient features are that it leaves out the Rosenegk Brewing Company, the Richmond Basket Works, the Virginia Packing Company and the Southern Stove Works, and takes in a portion of the Garber property in the East End.

The question of drainage is understood to be looked after very much better under the compromise measure than it was under the Mills plan.
